WE NEED TO TALK ABOUT YOUR F&B BUSINESS

In this post pandemic world, is your F&B business still facing the following issues?

- Difficulty in managing too many online delivery platforms
- High platform fees (Grab, etc.) eating into profit margins
- Difficulty in finding sufficient manpower
- Inefficient manual processes
- Reduced amount of customers due to COVID-19
- Low customer retention

And with so many different platforms and competitors in the offline and online markets, how do you ensure that **your business stays competitive and profitable?**

More sales channels doesn't mean more challenges

While having more sales channels means more customers, it does not necessarily mean you have to spend more effort and time to manage them.

That's why together with IMDA, we've come up with the best solution for F&B businesses like yours to

MANAGE YOUR SALES AND BACKEND, ALL WITH JUST ONE SOLUTION, SEAMLESSLY.

“Recently integrated EPOS POS system for the restaurant.

Kay, Gary and Darren who assisted in the training session were really helpful and patient in guiding my team. Would recommend it as an innovative POS system that’s constantly improving their software for the convenience of the consumers.”

Linus Love - Empire Hotpot

“By far, EPOS is one of the most delightful vendors we’ve worked with. Not only are they professional and accommodating, but they also always go the extra mile to ensure that our changing needs are met.”

Sharon Yong - LTA

“Thank you EPOS Team for today’s deployment. Thank you Geraldine and Grace for the training. Ops Team from Select Group really appreciates their excellence service during the deployment and training session.”

Veery Souw - Select Group
